

This adorable short sound book will keep your toddlers coming back over and over again.

## Book: *Moo, Baa, La La La!*

By Sandra Boynton

Find the Sound Activity

### ACTIVITY:

Say the following rhyme to children and have them play the game below:

Use your ears, use your ears,  
Listen now and hear!  
Use your ears, use your ears,  
What kind of sound do you hear?

Have children close their eyes. Make a sound such as a clap, a whistle, a snap of the fingers and so on. Let children guess what sound you make. Switch it up and let children take turns making the sound. You can also fill covered baby food jars with various objects, such as a bell, or popcorn and let the children find the jar with the sound. Any repetitive sound can be mimicked by the children.
